

Express Delivery British Made Furniture

Delivered and installed at your office within a few days

www.octopusinteriors.com

Tel: 020 7367 0800

Prices in this brochure **include** delivery and installation, usually within 5 working days from order, to locations within mainland UK . Subject to stock availability and conditions as set out below

1. Payment for the entire order value is required with order and made payable to Octopus Interiors Limited by cheque or direct electronic transfer to our bank account (details will be provided). We are a business-to-business operation and we do not have facilities for accepting payment via credit or debit cards.
2. Delivery (and installation) will be made on a date specified by Octopus Interiors once the items have reached our warehouse and are ready for dispatch. You will be notified in advance of the date we intend to deliver. If this date is not acceptable to you, you will be offered an alternative date which will generally be the next available scheduled delivery run to your local area. The delivery and installation will take place during the day that Octopus Interiors Ltd and yourselves have agreed in advance, however a specific time may not be given. Should you require the goods to be delivered and installed on a specific date and /or at a specific time, this can usually be arranged but there will be an increase in charges.
3. The delivery and installation will take place at the same time on the same day. If you require us to deliver and install certain items on one occasion and make a return to install the balance, this will be treated as two separate visits and will be charged accordingly.
4. The floor location where the furniture is to be installed must clear of all furniture and other items and should be in a ready state for our fitters to carry out their work unhindered. They should not be expected to clear, shift or dismantle any existing furniture or other office items. They should not be expected to remove and dispose of any items whatsoever, other than the packaging the new furniture was brought in.
5. There must be reasonable and adequate access to the location at which the furniture is to be sited and installed. Legal van or lorry parking must be available immediately outside the entrance to the building. All corridors, doorways, lifts and stairwells within the building en-route to the location of installation must be of sufficient width and height to allow the furniture items to be moved without damage, and if the installation is to take place on any floor other than ground floor, lifts of an adequate size should be available for use. If any of these conditions do not exist we reserve the right to either decline to carry out the installation or charge extra dependent on the degree of difficulty.
6. Once the goods have been dispatched we can not accept cancellations.

Users information

User information:

Product reference and finishes

- When product reference are followed by '+ fin', please suffix the product code with the finish code shown at the bottom of the page.
- Finishes illustrated within this brochure may be altered slightly by the photography.

Labels

- Products quality certificates are explained at the bottom of the page when and where applicable.
- Guarantee icons are shown at the bottom of the page when and where applicable.
- Sustainable management and ISO standards are shown when and where applicable.

Lead times

- Lead time shown at the bottom of the page refer to working days from confirmation of the order.
- Stocked products are on a shorter lead time than non stocked products.

Stock/On request products

- Product held in stock for rapid delivery are shown with ●.
- Non-stocked products are shown with ○.

Specials

- More finishes and options are available on a special basis. Please contact us for price and lead time.

Prices

- Prices are valid until 31/12/2011.
- Prices are excluding VAT.
- They are subject to modification in line with the cost of raw materials, energy prices and currency fluctuations.

We reserve the right to make product changes, price changes and product improvements during the life of this brochure.
